MY PROMISE

Each day I'll do my best,
And I won't do any less
My work will always please me,
And I won't accept a mess.

I'll color very carefully,
My writing will be neat
And I simply won't be happy
Until my papers are complete

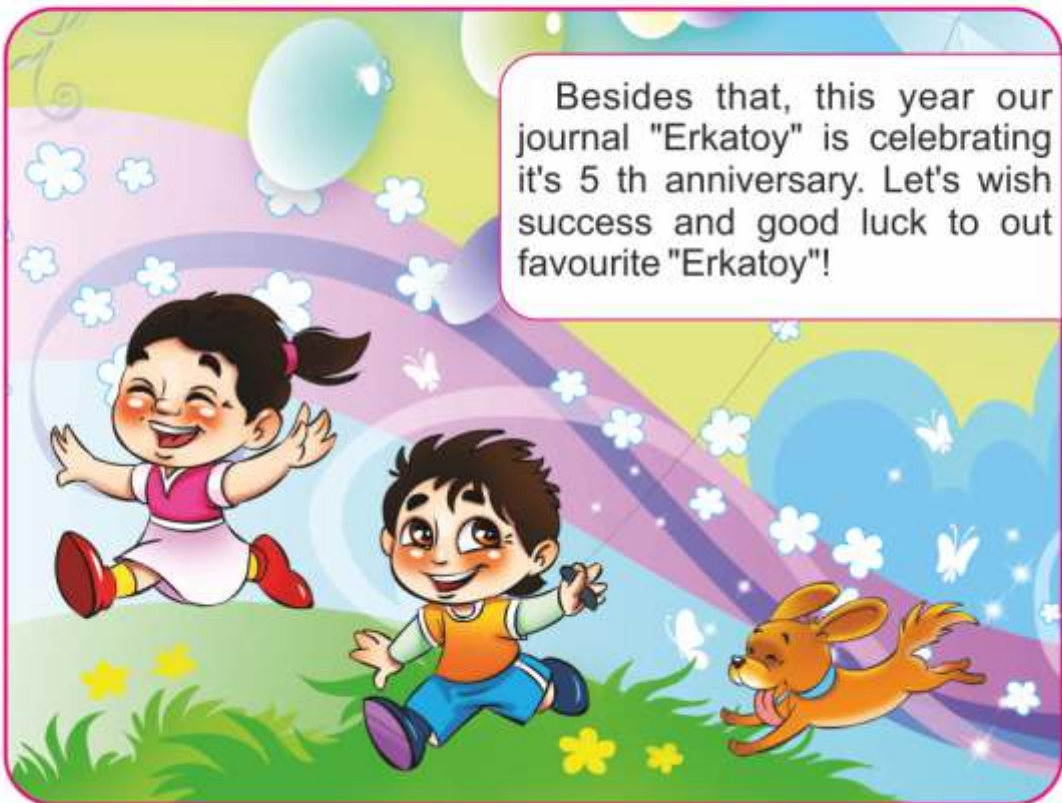

I'll always do my homework,
And I'll try on every test
And I won't forget my promise,
To do my very best!

Every year on 1st of September we celebrate our the most important holiday "Independence Day". This is the day when Uzbekistan became independent. This year we celebrate 27th year of our Independence.

Besides that, this year our journal "Erkatoy" is celebrating it's 5 th anniversary. Let's wish success and good luck to out favourite "Erkatoy"!

WHAT AM I?

I do not have wings,
But I can fly.
I don't have eyes,
But I can cry!
What am I?

If I drink,
I die.
If I eat,
I am fine.
What am I?

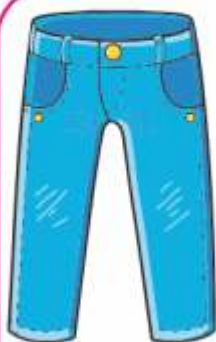

I'm in the living-room.
You can sit in me.
I am soft.
I have arms.

HISTORY OF JEANS

LET'S LEARN

Do you want to know the history of jeans? In 1850 a young man, Levi Strauss, came to California from Germany. California was famous for its gold. Many people were working there. They were looking for gold and needed strong clothes. First Levi Strauss sold canvas to workers. Canvas was strong and soon Levi used it to make jeans. All workers liked his jeans and bought them. His first jeans had no colour. Then Levi coloured his jeans.

Today everyone in the world knows the famous blue jeans of Levi Strauss.

First, workers pick the cotton. Next, farm equipment processes it. The workable cotton then gets twisted into thread and rolled onto giant spools. Next, machines weave the "warp" and "weft." The image below shows the "warp," the lengthwise threads in fabric. This one shows weaving the "weft," the horizontal threads. After that, the denim gets cuts and seamed by hand. Factory workers use machines with extreme precision. Workers also piece together the various parts by hand. Another worker finishes the major stitching to create the pair's basic outline. Then, buttons get added. Pocket-grommets follow. Machines handle the smallest details, like seams on the bottoms of the pant-legs. But they get added to the pants by hands. After workers finish all the sewing, the jeans get "inflated" to stretch them and show their true shape. Then, the pair gets distressed by hand. Specialized tools then blend the distress marks. (Note the face mask for safety.) Pre-washing. Tagging. And finally, shipping.

I've got my brand new pens
And a pencil case,
I've cleaned my teeth
And I've washed my face.
I've got my shiny shoes
And some new school gear.
We're starting a new school year.

2

New facts to learn,
New friends to make.
I'll try my best,
I wonder what my
classroom's like?

I've got my brand new pens
And a pencil case,
I've cleaned my teeth
And I've washed my face.
I've got my shiny shoes
And some new school gear,
We're starting a new school year,
Starting a new school year,
Starting a new school year.

THE TURNIP

Grandmother grew a very big turnip. The grandfather came to pick it out, he tried so hard but couldn't pull it out.

He called the grandmother. She pulled the grandfather, and he pulled the turnip but they didn't manage anyway.

Then they called the granddaughter. They tried but still — no success.

The granddaughter called the dog. They tried to do it but the story happened again.

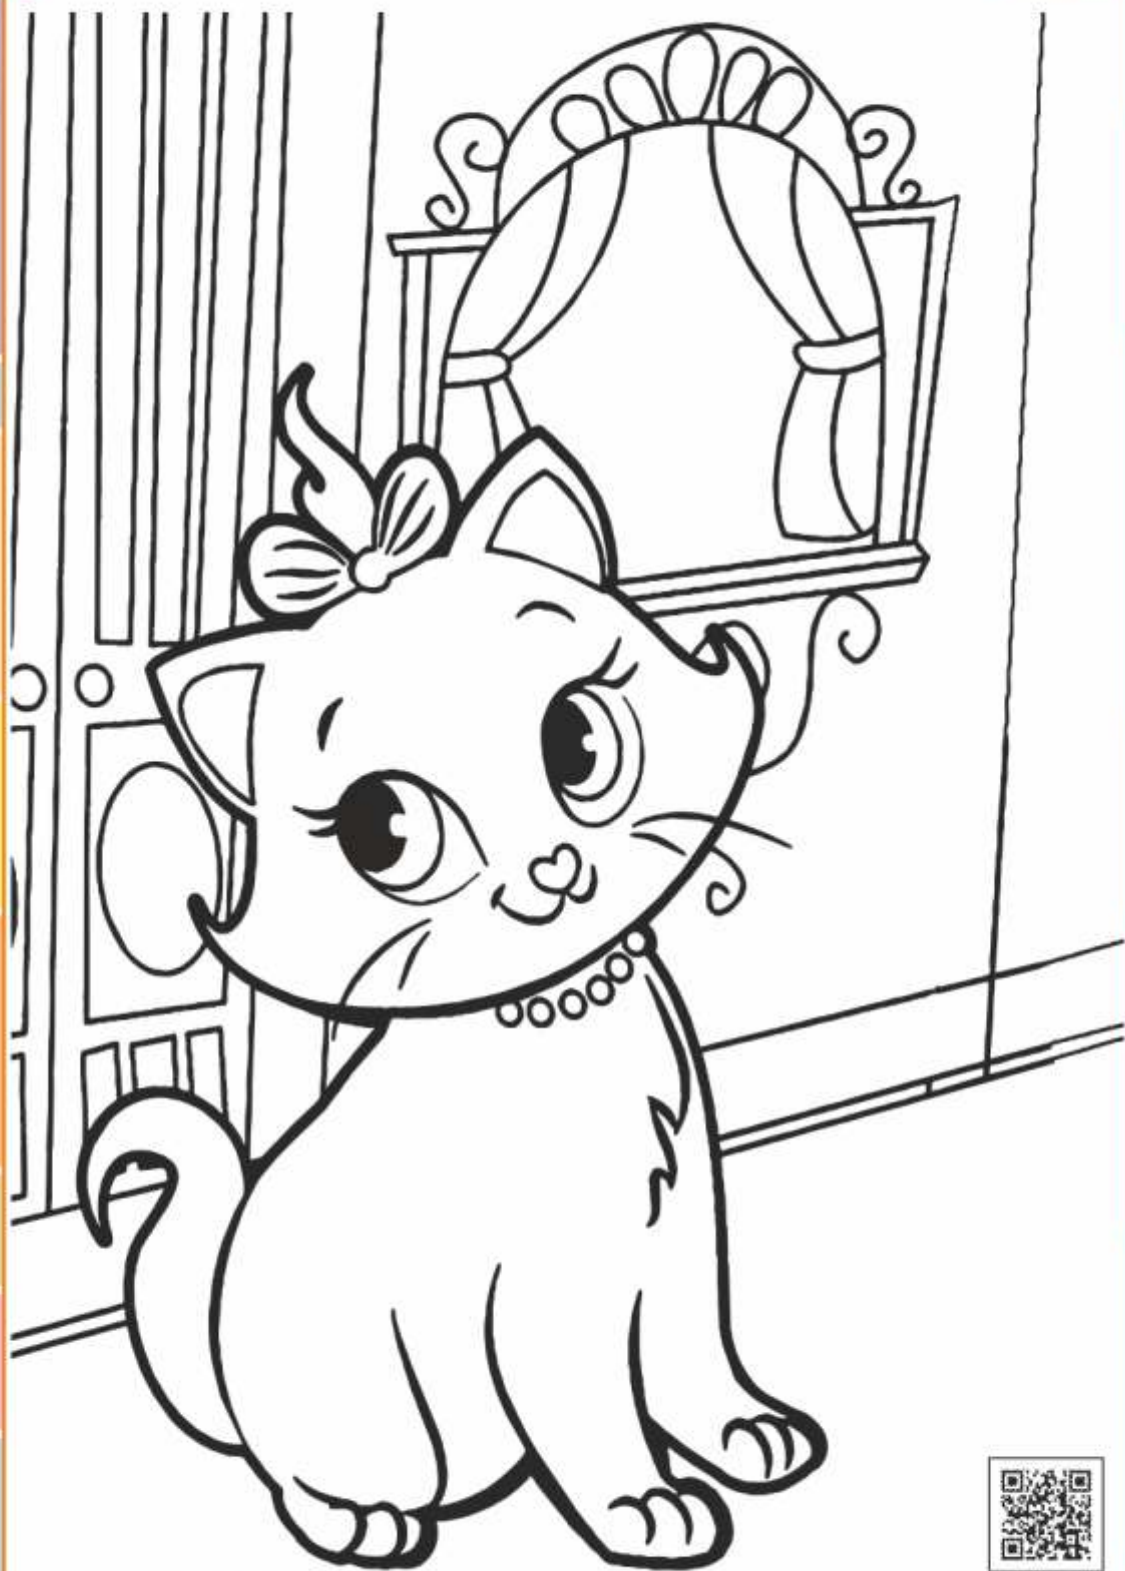

Then the dog called the cat but still they didn't pull out the turnip.

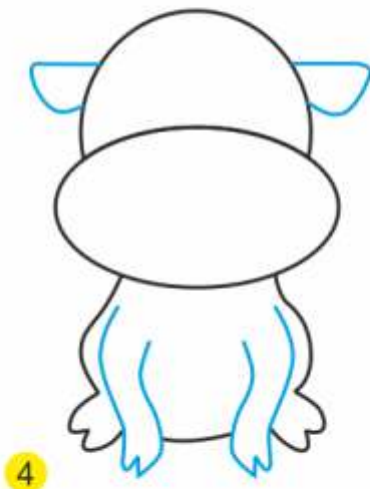

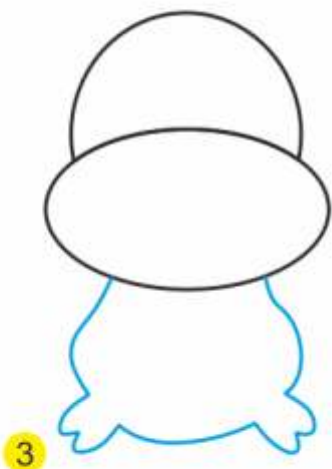

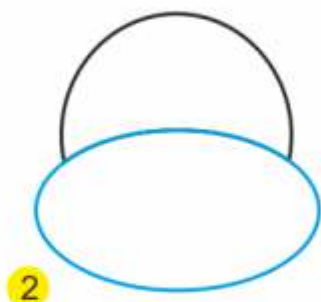

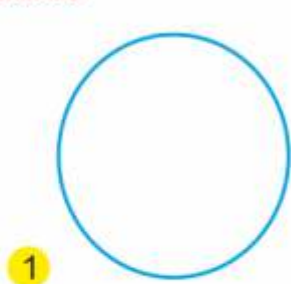

Then they called the mouse. And finally they pulled the turnip out!
